## Strathmore Town Council Hold Regular Meeting

The Strathmore Town Council held a regular meeting on Tuesday night, Mayor Shrimpton in the chair, and all the Councilors present, except John Taylor.

The minutes of the last meeting were read and confirmed.

The matter of arranging an auto camp was halted through information furnished by B. S. Stockton that the Town, under its lease, did not possess the right to erect any buildings except such as might be required in connection with the sports. So nothing may be done in the matter until another location may be decided upon.

W. S. Saunders, secretary of the Baseball Club applied for permission to erect a refreshment booth at the Ball Park. This privilege was granted upon condition that all debris was cleared up after each game.

A payment was reported in connection with the arrears of taxes upon the Butler property, and it was decided to withhold proceedings pending another payment within reasonable time.

The Council decided to not do anything further in the matter of tree planting this year, as the time was considered to be getting rather late.

An application from St. Michael's and All Angels Church for permission to use the park grounds to hold their Annual Old English Fair, was granted for June 24.

A communication from Bennett, Han & Sanford, requesting consent of the Council to the transfer of the terms of the electric power franchise from the United Electric and Engine Co., Ltd., to the Calgary Power Co., Ltd., was granted.

This consent is required to be submitted to the Board of Utilities at Edmonton. The Calgary Power Co. Ltd. have obtained all the shares in the United Electric Co., and the transfer is merely a matter of form.

Councillor Garrett was appointed Chairman of Town Property.

The Secretary-Treasurer was authorized to proceed to collect the mill-mo school tax.

The question of cleaning up the lake in Lambert Park was discussed and it was left to Mayor Shrimpton and Councillor Cott to make arrangements.

A communication was received from the Secretary of the Union of Alberta Municipalities that the Convention would be held at Calgary on June 25 and 27. Mayor Shrimpton and Secretary T. M. Wears were appointed delegates.

## SCHOOL BALL GAME

A more competitive baseball game between Carceland and Strathmore schools was held on May 29th, in Carceland, when the Strathmore team lost.

The first game was held in Strathmore on May 30th, which game the Strathmore team won quite easily, so acting upon suggestions made at that time it was decided to strengthen the Carceland team by adding some older players from their town for the game on May 29th. This proved a life-saver as far as Carceland was concerned. Strathmore was easily in the lead

gates to attend.

A number of current accounts were referred to the Finance Committee and it correct to be paid.

The Mayor invited the Councilors to visit the lake and consider the best plan to clean it up most effectively, and at the least expense. At least this was the excuse he gave for not attending the meeting at 9.15, when he marched the worthy legislators down town.

## Coming Events

Baseball, June 12th—Strathmore vs. the Colored Giants. One of the fastest in the world. You will want to see these happy, witty "Coco" boys play the game. Something doing every minute.

June 3rd to June 5th, Empire Shopping Week.

July 1st is the date for the Big Carceland U.F.A. Picnic and Sports Day at the Wapiti Peace Grounds.

Gleichen U.F.A. Convention, Strathmore, June 12th.

A meeting of all interested in the Big Strathmore Stampede, will be held in the Memorial Hall on Thursday, June 6th, at 8.30 p.m. Be sure and make it possible to be present.

By permission of the Town of Strathmore, "The Old English Fair" will be held in the Park on Wednesday June 26th.

Thursday, June 13th, the Ladies Aid of the United Church, will meet at the home of Mrs. Johnston. Cars will leave the United Church at 1.45 p.m. sharp.

J. G. Hannay, Director of Agriculture Extension, I.H.C., Grand Forks, D.N., will lecture on "Farm Management" under the auspices of Strathmore Elks in the Memorial Hall on Monday, June 10th. Mr. Hannay is a practical speaker, and will prove interesting and instructive. Everybody come. It's free.

## DIED AT CARSELAND

Thomas R. Field, of Carceland, died on Tuesday, and the funeral will be held from Foster's Funeral Home, Calgary, on Friday afternoon.

The personnel of the teams was as follows:

Strathmore—H. Zeilinger, Ted James, N. Ellis, Hector McGregor, Campbell McDonald, Nathan Wodum, H. Clever, R. Christensen and Alan Gray.

Carceland—Wilbur Melendy, Blair Field, Douglas Pakenham, "Fur" Parks, Ben Powell, Alex Woodrow, A. Murray, Fred Powell, Carl Volget and Bert Woodrow.

## Canadian Pacific Crop Report

WINNIPEG—Some damage to young grain is reported from Saskatchewan, but wheat and other early-grown grains are showing generally good stand and making good growth. Winter crops is looking better and grass is coming along nicely. Alberta crops are nearly all planted, and most of the wheat is up, in some districts as

high as six inches. Warmer weather is now required. Spring has been somewhat unfavorable for destruction of weeds. An increased acreage of alfalfa, sweet clover and other pasture crops is reported. Livestock are in good condition in Peace River country. Crop conditions continue favorable with uniformly good growth.

## Rockyford Tournament

On Wednesday at the Rockyford Tournament, Rockyford copped the two games, defeating Strathmore 21 to 7, and Glenora 17 to 2.

Something went wrong with Manager Koch's transportation organization, and only Red Kellinger, Miller Wilcox and Percier arrived at Rockyford. The Rockyford boys were in high place at capturing the two games, and are now looking forward to going after the Provincial Championship.

## Namaka News

On Thursday, May 29th, Mrs. Waters leader, members of the C.G.I.T., and their mothers, attended the Mother and Daughter Banquet at the invitation of the Strathmore C.G.I.T. A very enjoyable evening was spent by all. Miss Nix, Secretary of the Girls Work Board of Alberta, who was present at the banquet, afterwards returned to Namaka as the guest of Mrs. Waters. On Friday the girls were entertained by Mrs. Waters at a delicious luncheon in honor of Miss Nix. After lunch the regular C.G.I.T. meeting was held, during which Miss Nix gave the girls an interesting talk.

Mrs. Mike Brown left on Friday for an extended holiday among friends in Portland and other points. Mr. Brown is busy adding an addition to his home, in the form of a Pool Room and restaurant.

Mrs. Smitlen is spending a holiday at the home of her daughter, Mrs. Fox of Standard.

The friends of Mrs. McKinnon, of Friesite, will regret to learn she is in the Medicine Hat Hospital. We all wish her a speedy recovery.

The Ladies Aid will meet at the home of Mrs. Johnson on Thursday, June 13th.

We are sorry to learn Lena Fox is again ill, suffering from inflammatory rheumatism. We hope to soon see her around again.

We are glad to know Mrs. D. Eastcott is progressing favorably under the care of Dr. Giffen at Strathmore.

A very interesting evening was spent at the school on Monday, when a number of parents and friends of the C.G.I.T. and C.B.E.T. assembled to hear the youthful orators debate upon the subject: "Resolved That Mail Order Houses Are A Benefit To Western Canada". The opening number of the program was a group of songs by the C.G.I.T. These were followed by a humorous recitation by Mary Louise McLean, after which a most amusing skit, "A Fatal Quest", was presented by the girls in a very splendid manner. The chairman, Ivy Watts, introduced the debaters. The speakers were: Affirmative, Alberta Watson, Merle Baker and Dorothy Colpois; Negative, Gladys Brown, George Johnston and Arthur Bremner. Each speaker acquitted herself or himself in a very capable manner, considering that several of them had never taken part in a debate before, but special mention should be made of Alberta Watson's speech, which was presented in an exceedingly clear and forceful manner. The judges, Mrs. J. Thomson, Mrs. J. McLean, and Mrs. Chalmers, after deliberating, decided who were the winners. After due consideration, their decision in favor of the affirmative was given in a few well chosen words by Mr. Casselman, who reviewed the points established, and gave a helpful criticism of each speaker. The evening's entertainment was thus brought to a close, after which a delicious lunch was served by the C.G.I.T.

## The English Derby

LONDON, June 5th.—Trig, a rank outside choice, won the English Derby and paid his backers 33 to 1. Walter Gay, 100 to 1 shot, was second; and Duellier, 50 to 1, third.

There were over 500,000 people present on the famous course. Trig won by one and a half lengths.

## MOTHER AND DAUGHTER BANQUET

About sixty-five were present at the Annual Mother and Daughter Banquet given by the Strathmore C.G.I.T., under the direction of Mrs. Bower.

The members of the Namaka Group, together with their leader, Mrs. Waters, and their mothers, were guests.

Miss M. Nix, of the Girls' Work Board was the honored guest.

A delightful supper was served to the guests after which the following took part in the program:

"Following the Gleam" was sung by the groups, after which the "The King" was proposed by Jean McGregor. Audrey Gray proposed the toast "To our Mothers" and Mrs. Shrimpton responded with "To Our Daughters". The group then sang "Old King Cole". The toast to "Our Guests" was proposed by Alice Gray, and responded by Ruth Althaus.

Agnes Frederick then recited "Myself". Mrs. Waters was then called upon for an address, after which the girls sang "I Would Be True".

Bernice Whitehead recited "A Face". After which Miss Fulk sang. Phyllis Bower gave a reading, "Somebody's Mother".

Miss Nix, Secretary of the Girls' Work Board, then outlined the C.G.I.T. work in a very interesting manner. Miss Fulk then gave a hearty vote of thanks to Mrs. Bower.

"Taps" and "Run Along Home" concluded the delightful evening.

## Legion Dance In Honour Of King's Birthday

The dance held on the King's Birthday, under the auspices of the Strathmore Branch of the Canadian Legion, while a slight disappointment from the box office point of view, nevertheless, as a very pleasant social evening it was a decided success. Numerous flags and streamers of red, white and blue ribbon gave a patriotic color to the decorations.

A splendid five-piece orchestra furnished excellent music throughout the evening.

On Thursday, May 29th, Mrs. Waters leader, members of the C.G.I.T., and their mothers, attended the Mother and Daughter Banquet at the invitation of the Strathmore C.G.I.T. A very enjoyable evening was spent by all. Miss Nix, Secretary of the Girls Work Board of Alberta, who was present at the banquet, afterwards returned to Namaka as the guest of Mrs. Waters. The evening's entertainment was thus brought to a close, after which a delicious lunch was served by the C.G.I.T.

and dancing was enjoyed until the small hours. Mrs. Hattie Miss Barry, Messrs. Plesner, Gannon and Ray Douglas comprised the orchestra.

Just preceding the supper wait, President Crowther announced that as this was the birthday of King George V, all would unite in singing one verse of the National Anthem.

Later on in the evening Mr. Crowther presented the Flag donated jointly by the Legion and I.O.E.F. for the best decorated window during Empire Shopping Week.

President Crowther remarked that as this was the first occasion on which the merchants had been asked to observe this week in this way, he felt that the response of ten merchants in a town of this size was very commendable indeed. Mr. Crowther then said the judges had awarded the prize to the Western Department Store, and asked Mr. Libin to come forward, and receive the Flag. Mr. Libin in receiving the Flag expressed his very warm thanks. The Flag is a 8' x 4' Union Jack. The judges were Mrs. Geo. H. Jones and Messrs Crawford and Schuller.

Supper was served at long tables decorated with red and blue bunting on a white round. Cakes of the I.O.E.F. gave an effective touch, and vases of bright poppies added nature's touch of beauty.

The committee arranging the supper was the Regent, Mrs. J. French, assisted by Mesdames Schulte, Quirin, Freeman, Chamberlain and Moore. Serving coffee were Mesdames Fred Brown, Roy Cleve and Duncan Hamany.

Mr. Ted Sweetman, convener of the social committee for the Legion, looked after the numerous details necessary to the success of the dance.

Many novelties were arranged for which lovely prizes were given. The fortunate winners of these prizes being: Walter, Mr. and Mrs. Norman Schuler; Fox Trot, Mr. Wyn Gray and Miss Eva Smith; Elimination Dance, Mr. Dick Cleve and Miss Mary Reimer; Lucky Roper Dance, Mr. Archie Gray and Miss Kate Chamberlain.

The judges were Mr. and Mrs. T. Wallace, Mrs. Ed Moore and Mr. W. N. Watson.

## Empire Shopping Week June 3rd to 8th

We Suggest  
for Father's  
Day--

**SMART TIES**  
Give Father a fine tie or two for Father's Day. Make your selection here, from our large assortment of fine cravats, in all the new patterns and plain colors—the very latest domestic and imported fabrics.  
\$1.00 \$1.50 and \$2.00

**COOL HOSE**  
Hose makes a dandy Father's Day gift. See our line of new patterns in silk, lisle and wool sports hose, in plain colors or smart checks and stripes and modernistic styles. Just the thing Father will appreciate.  
50c 75c and \$1.00

**STRAW HATS**  
Sennets and Swiss Yeddos, in smooth and coarse braids, are here with plain or colorful bands, the comfortable kind that are light in weight, just the straw hat Father will appreciate as a gift on his day.  
\$3.00 4.00 and \$5.00

**SHIRTS**  
Shirts for Father's Day gifts are always appropriate. You will find them here in delightful array. Both collar attached and neckband styles—in patterns and fabrics such as please  
\$2.50 \$3.00 to \$6.00

**Thos. E. Wright**  
"MEN'S BETTER WEAR"

Keep Money in  
your Own Town

ANOTHER PAIR OF TWINS  
Infant is fast in establishing a record for twins. On Wednesday, May 15th, Mrs. Thomas Hudson gave birth

to twin boys—The Province.

Ben Huckell, proprietor of The Province, is reported to be getting quite nervous.

## Prevents Stone Bruises

ONE small stone puts a barefoot boy out of the running—but ten thousand stones fail to keep Gum Cushioned Tires off the road. Even though each stone crashes into the same spot—the live gum cushions will absorb each successive shock. What better protection would you have? And you pay no more for them. Goto Gum Cushion Tire Stations—they'll show you.

## SPORT NOTES

REFUSES TO MEET BELANGER

SAN FRANCISCO, Cal.—Although Ace Hudkins, Nebraska middleweight, has refused an offer of \$15,000 to meet Charley Belanger, of Windsor, light-heavyweight champion of Canada, Willie Ritchie, local promoter seeking the match, said he was not discouraged and would continue negotiations.

"I made an offer of \$15,000 to Hudkins and had private arrangements with Belanger's manager, of his own free will assured Hudkins of an additional \$5,000, which Ritchie brought a refusal."

Ritchie said he could not understand why Hudkins should turn down such a prospect unless he was anticipating an early bout with Mickey Walker, the champion, which he claimed, was unlikely at this time.

Ritchie further declared Hudkins would not risk his standing because he would be going out of his class.

GUY CANTRELL CUTS WIDE SWATH ACROSS INTERNATIONAL LEAGUE SAYS HELL WIN 25 FOR TORONTO

Okla. coal-driller again promises brilliant season as sensation in minor league records.

By JIMMY THOMPSON  
(Special to The Standard)  
Toronto—Guy Cantrell, 25-year-old right hander who is cutting a brilliant swath in the International League pitching firmament, will land with a thump in the majors if he doesn't watch out.

But the stocky Okla. coal-driller says he is going to turn in 25 wins for the Toronto Leafs before he moseys up—which incidentally won't be a new experience, since \$25,000 was purchased for \$25,000 by Washington from Baltimore last year before "Caz" Landis discovered some handy party about "stage money" in the deal and declared all bets off. Toronto then outdid the rest of the field.

In coming to Toronto Cantrell passed up opportunities to join the Boston Braves and Philadelphia Quakers. Both clubs offered him larger bonuses to sign, but, he says, he would rather play with a live club in a smaller league than with "bush" outfits in a big league. He was delighted to shake the shackles of Washington from his feet, as his contract with the Senators called for \$1,000 less than he drew down from Baltimore last year and much under the figure in his contract with Toronto.

He won 19 games for Baltimore last year and but for forfeiture of a game at Buffalo when he had the Bisons 3 to 0 in the seventh would have turned in 20 victories. He also figured in several tie games, in one of which he allowed only two hits and in another but one.

That forfeiture game was the upshot of somebody discovering the late

Jack Dunn, veteran Baltimore leader, then suspended, peeking through a hole in the fence.

Essentially a fast ball pitcher, Cantrell didn't make the grade at Brooklyn because Manager Robison tried to change his style. At that he won 10 games and lost 9 when with the Robins in 1927. Jack Dunn gave him a bonus for winning 20 games last season at Baltimore, giving him credit for the forfeited game at Buffalo and \$100 on top of that for his exhibition in that particular struggle, the trouble over which virtually brought about the attack that curtailed the Baltimore magnate's life.

Naturally Cantrell holds a high opinion of the deceased veteran, whom, he says, was a much maligned and misunderstood man.

SASK. LIBERAL REIGN THREATENED BY CHARGES OF CONSERVATIVE PARTY.

Regina, Sask.—Nomination day for the general elections for the Province of Saskatchewan provides more than a substantial list of candidates for the 63 seats of that Province.

Already 124 candidates are in the field with promises of more. Adherents of the Liberal regime of James C. Gardiner number 55.

There will be some hectic times, eleven three-cornered fights are already assured.

The province is in the throes of one of the bitterest political fights in its history. The elections of June 6, will decide whether Hon. J. G. Gardiner, Liberal Premier, is to be returned or whether there is merit in the series of startling charges made by the Conservative party.

The Conservatives boast of 41 standard bearers for their cause and the Progressives and other platforms make up the present total of combatants, exclusive of the Liberal candidates.

Liberals have been in office for a quarter of a century, or ever since the province was organized, and Mr. Gardiner has been premier for three years since Mr. Dunning went to Ottawa.

In the heat of the Campaign the enemies of the Government are bringing charges after charge at the Gardiner administration, and many of the Cabinet ministers are included in the charges leveled.

Hon. T. C. Davis, Attorney-General, is charged with "protecting the boot-licker."

Mr. J. T. M. Anderson, leader of the Conservatives, alleges that the Government has failed to prosecute members of an illicit liquor ring, said to have operated in the province several years ago.

Mr. Davis fired back at Mr. Anderson the assertion that the "Bromfield" liquor is in the hands of the Federal customs inquiry commission and was no longer a provincial issue.

At the same time T. G. McManus, a Moose Jaw man, who was formerly in the provincial civil service has come out with charges of unscrupulous methods by the "Gardiner Machine" wherein Government contracts

were handed out to friends of the Government, McManus is speaking with the Conservative leader at meetings.

The interesting angle in the election is the nomination of the Hon. George Langley, former minister of municipal affairs under the Martin regime. Mr. Langley has been named by some Liberals of Robberville, while the official Liberal convention of the constituency has chosen George Cockburn the sitting member. Two Liberals will run in this riding.

Mr. Langley was forced to resign from the Government by the then premier, Hon. W. M. Martin, because of an "indiscreet letter."

TREASURE OF FABULOUS WEALTH BURIED BY CAPT. KIDD BECAUSE HE SAID TO BE O.N.S. ISLAND

(Special to The Standard)

Hon. N. S.—Captain Kidd's buried treasure of fabulous wealth is again to be sought by adventurous speculators.

One of the many stories of buried treasure has it that part of Captain Kidd's treasure was buried on Oak Island, Chester Bay, Nova Scotia.

The buried treasure of the Island may be hiding wonderful riches from the world. It has a weird history of thousands of dollars invested and lost in previous hunts for treasure, reputed to have been buried there by the bold bad pirate, Captain Kidd.

One retired sea captain who had possession of an old map of the pirate, was so convinced that Oak Island held a fabulous treasure that he sunk everything he possessed in a venture to locate it. The supposed location of the treasure box was staked off, during operations began and when the divers had reached the distance more than seventy-five feet, rotten timbers of heavy oak were found, also a few bones which might have been those of a human being were uncovered and a handful of grimy, golden coins were found.

The diggers continued with feverish energy; foot after foot they went down until they reached the distance of ninety feet and salt water poured in. The fortune that was sunk to find a fortune was sunk, indeed. From time to time, as the digging continued various articles of ancient worth were found. Old U.S. coins have been discovered on Oak Island, and on other islands, but it has been pointed out that these beautiful islands probably were the headquarters of raiders who operated between Nova Scotia and the British West Indies during the U.S. war of Independence.

Sufficient evidence of this has been found in small lots of coins which have been uncovered by the plover, re by the action of time.

Chester, Me. beautiful, is now the summer colony of United States millionaires. Beautiful houses, wonderful gardens and charming surroundings, feature the spot which was once only a fishing and farming village. Along the curving St. Margaret's Bay road, the drive to Chester is delightful and there is no doubt but if the current report that a new treasure finding corporation is to be formed there will be many take a chance, for the legend that Captain Kidd hid his treasure, or part of his treasure, in Chester Basin is strongly believed.

# Strathmore Trading Company

## I Saw Last Week

GENE GIBBOUX giving a real order to Hutch at the ChilliVale Cafe. "Well Hutch, bring me a baked apple swimming in cream, a peck of oatmeal, a stack of wheat cakes and hide my plate with ham and eggs, a flock of hot rolls and a bucket of coffee, and hasten. How's the steak-tender? That will be all tonight. Hutch, as I am not feeling hungry as I have had a pretty hard day at the shop." JOHN TAYLOR explaining the details of how Strathmore may obtain a first class fire equipment—save money and reduce fire premiums. JES. VAN TIGHEM greeting his old bank customers in his new business office. FRED J. DUNN admiring Harry Groves's fine yearling Shorthorn Bull, Prince of Wales stock, explaining that it was a very fine Holstein. Harry says Fred may be an A 1 golf player, but as a judge of Shorthorns, he is the bank. JAMES SAUNDERS receiving some pamphlets "How To Hang Wall Paper," which is presenting to his friends. ALDERMAN GARRETT standing amidst his newly planted trees on Third Street, which are just breaking into bud. M. A. JELINGER all enthused after interested as the returns were being received by radio about the British elections. DICK BAILEY busy moving his household effects to his new home. JIM MORAN making plans to visit Calgary to see Scotty Inkster in action at the Manchester arena. FRANK SEALES telling George Brown that his car carries a load of surplus power as it bounded out through the

rear end of the garage. BEN McKINNON at Newell Lake, accompanied by T. Callahan, getting the latter to assist in loading an immense pile, that when it was dressed it was discovered that it had swallowed for part of its breakfast another twelve pound pike. This story surely will prove to Alex Grey and Jim Menard that there are other Fishermen in the district who can tell a true fish story. W. S. PATTERSON being escorted to the safety vault boxes of the Royal Bank by accountant Frank Taylor. BILL SAUNDERS gathering up equipment for the Girl Guide Tea on Saturday. HECTOR MCGREGOR arguing with Charlie Chase about how to make a fence. Needless to say Charlie won in a walk. JIM GANNON wishing that it would rain heavily every Sunday afternoon.

## TRAIN TELEPHONE INVENTOR IS A MODEST HARD WORKER

(Special to the Standard)

(Copyright)  
TORONTO, May 15.—Through the storm of jubilation and congratulation that broke here over the successful demonstration of two remarkable achievements of voice transmission, two-way conversation from a moving train, moved an inconspicuous figure, least impressive of all, yet the man whose brain had worked out the scientific problems, a John C. Burkholder, of Philadelphia, was brought to Canada from the Bell Laboratories at New York by W. D. Robb, vice-president of the C.N.R., a little over a year ago, when things went wrong with the new carrier current with which the C.N. Telegraphs was experimenting. He worked under W. G. Barber, general manager, in laboratories developed at Toronto, and when he was finished with that job both Mr. Barber and Mr. Robb asked him to stay and tackle a new problem, that of telephone from trains.

"That was less than a year ago. "How many weeks ago were you sure that you had solved the problem of two-way speech from trains?"

"I knew I could do it when I started," was his quiet reply. "Mr. Robb has been very kind in the idea for years. He had heard three years ago that German engineers were busy on the problem, and a year ago he went to Germany and was given a demonstration of a one-day conversation. He came back satisfied that the time was ripe for Canadian development, and it was then that the nut was given Mr. Burkholder to crack."

Mr. Burkholder is not a college graduate, although he holds no contempt for college graduates. "It's a good place to go, if you work," he said to me. "But so many don't work." He is an indefatigable worker. In the last few weeks, while he has been bringing this latest invention to perfection, he has only snatched a few hours' rest now and again. He was one of the engineers who worked out the picture transmission across the continent by wire at the time of Calvin Coolidge's inauguration, and he used to get up those days at three o'clock in the morning, take a taxi to the shed-lab, and work steadily at the task until midnight. This lasted for weeks.

"The last holiday I had was seven years ago," he replied when I asked him if he was going to take a rest now. "No, I'm going down to Boston." He does not like to talk about his achievements, and passes off many inquiries with good-natured banter. "I took my father's Ingersoll watch piece when I was a boy," he replied when asked about an early scientific bent. But later on he consented to throw a little light on his education. "I've been interested in scientific

A less assuming man it would be hard to discover. He stands five foot six and weighs 105 pounds. He dresses inconspicuously. He speaks softly. He has to be pumped hard before he will say the most trivial thing about himself or his achievements.

Yet at 32 he brought to completion, before any other engineer in the world, successful two-way telephone conversation from a moving train, having just previously perfected a carrier current system that has been installed on 25 per cent. of the Canadian National Telegraph lines and has proved to be the most revolutionary telegraph development of the past quarter of a century.

Mr. Burkholder, who was born at Philadelphia, was brought to Canada from the Bell Laboratories at New York by W. D. Robb, vice-president of the C.N.R., a little over a year ago, when things went wrong with the new carrier current with which the C.N. Telegraphs was experimenting. He worked under W. G. Barber, general manager, in laboratories developed at Toronto, and when he was finished with that job both Mr. Barber and Mr. Robb asked him to stay and tackle a new problem, that of telephone from trains.

"That was less than a year ago. "How many weeks ago were you sure that you had solved the problem of two-way speech from trains?"

"I knew I could do it when I started," was his quiet reply. "Mr. Robb has been very kind in the idea for years. He had heard three years ago that German engineers were busy on the problem, and a year ago he went to Germany and was given a demonstration of a one-day conversation. He came back satisfied that the time was ripe for Canadian development, and it was then that the nut was given Mr. Burkholder to crack."

Mr. Burkholder is not a college graduate, although he holds no contempt for college graduates. "It's a good place to go, if you work," he said to me. "But so many don't work." He is an indefatigable worker. In the last few weeks, while he has been bringing this latest invention to perfection, he has only snatched a few hours' rest now and again. He was one of the engineers who worked out the picture transmission across the continent by wire at the time of Calvin Coolidge's inauguration, and he used to get up those days at three o'clock in the morning, take a taxi to the shed-lab, and work steadily at the task until midnight. This lasted for weeks.

"The last holiday I had was seven years ago," he replied when I asked him if he was going to take a rest now. "No, I'm going down to Boston." He does not like to talk about his achievements, and passes off many inquiries with good-natured banter. "I took my father's Ingersoll watch piece when I was a boy," he replied when asked about an early scientific bent. But later on he consented to throw a little light on his education. "I've been interested in scientific

things ever since I can remember. My mother bought me plenty of electrical toys and such things. I had about everything. My uncle, who sold, was principal of a private seminary at Uniontown, taught me most of what I learned at school. There are five school teachers in my father's family, by the way, and my Uniontown uncle has six or seven children in the profession now."

Twelve years ago Mr. Burkholder joined the Bell research laboratories. The life of research has been his meat and drink ever since. He holds several patents for inventions. But he is not concerned about holding his work.

"There are very few discoveries nowadays, anyway," he said. "We don't discover. We just push somebody else's ideas a little further. Take this matter of radio telephony," he continued modestly. "U.S.A. engineers could have developed it, only they were busy with other things, and there was no railway down there that saw it as a commercial proposition. Now any railway can use the information we have gained."

From the very first, Mr. Burkholder was interested in carrier current, a sort of father of the radio telephone. He says he is not a radio expert, but a carrier current expert. But he agrees that the radio and the carrier current are very closely related.

His research has solved some odd problems. The old way of tuning cheap watches was to bang them all up and check them out one hour. A good timer could strike the right adjustment of the regulator after three or four adjustments. The new way Burkholder and his associates developed made it possible to tune them in a minute. They amplified the "tick-tick" of the watch until it sounded like hammer blows on an anvil. They then produced a similar hammer blow from a chronometer which was keeping perfect time. When the two sets of blows came together the cheap watch was running in perfect time.

He uses some graphic images when he talks. He was dismissing the theory that radio aerials bristling all over a city reduced the energy reaching the radio enthusiast on the other side of the city. "Nonsense," he remarked. "All the energy they absorb wouldn't equal that of a fly winking its eyelash."

His mind works like a lightning calculator. We were talking of the hum heard on long distance calls, and the nearability of a similar hum being heard in train conversation. "We use as much power in sending speech from a train as, let me see," he brows wrinkled for five seconds while he paused—"as much energy as is used in long distance telephoning over 2,000 miles." Heaven knows what intricate calculations interposed between the two parts of the sentence.

Mr. Burkholder is married—"at least I believe so," he said good-humoredly; referring to his long vigils in the laboratory during the last few weeks, and has one child. "What is to be your next field of

research?" I inquired. "Well, I hardly know. I think we shall first come up for air." "But is there not some scientific problem you have set your heart on solving?" "Yes, there is," he said slowly, and I hoped he was going to tell me what, but he went on, "but of course we're not saying anything about that yet."

## CHAINED TO HIS AUTO GOES WEST ON WAGER

Halleybury, Ont.—On a freak bet, Harry Burke, a one-armed man, is to start out from Cobalt on June 5th in his auto to drive from the Silver Camp to Vancouver, B.C. Burke is to have \$100 in his pocket when he leaves Cobalt, and, to win the wager of 100 shares of Teck Hughes and mine stock must arrive in Vancouver with \$100 in his pocket.

Two hundred feet of chain is to be welded to the steering wheel of his automobile and padlocked to his wrist, by Mayor Fred A. Sullivan of Cobalt on the day Burke leaves. The key of the padlock are to be forwarded by registered mail to the Mayor of Vancouver.

Burke must make 121 stops between Cobalt and Vancouver and must not arrive in Vancouver City before October 5th or later than November 5th. On each of the 121 stops he must secure the signature of some responsible citizen. The only companion he may take is his dog, and he must make his living on route by selling insurance or articles for which he is agent. If he does not fulfill all these terms Burke is to give 100 shares of Teck-Hughes to the first

party to the wager, whose name will not be given out.

Burke cannot go from the car any further than the length of his chain.

## Frigidaire PROVIDES BETTER Refrigeration

IN stores, restaurants, hotels, factories as well as homes, Frigidaire Automatic Refrigeration points the way to bigger profits and better satisfied customers. It preserves foods better. And at much less than the cost of ice. Let us give you the facts. Can be operated from individual electric plants.

Gordon Lydiate, who has been on the invalid list for a few days, is much better.

Gilbert H. Patrick intended to take some Vancouver friends to the oil fields on Sunday, but the roads were impassable, and the trip will be made at a later date.

Leslie West has gone to Banff, endeavoring to get rid of his attack of rheumatic fever by taking treatment in the sulphur baths.

Mrs. Johnston, of Nanaka, has extended an invitation to the Ladies Aid of Strathmore United Church, to enjoy a social afternoon with the Ladies Aid of Naulaia at her home Thursday afternoon, June 12th.

Cecil Lambert and Hector McGregor Jr. are in Lethbridge this week, engaged in telephone construction work. On Saturday night when the information was received that the Lethbridge well had come in, an effort was made to pick up some stock on the open exchange in Calgary, but only a few shares were available, but on Tuesday you could buy dollar shares for two bits.

Rev. Mr. Brundage paid a short visit to Strathmore one day last week.

The finals in the Oratorical Contest

will likely be held in Vancouver next year.

Mrs. Eastcott is critically ill at Mrs. Marchant's Nursing Home. She is receiving the closest attention, and her friends hope for an early change for the better. Mrs. Eastcott is a daughter of Mr. and Mrs. S. Slater. The Standard is pleased to report an improvement in Mrs. Eastcott's condition.

Mr. and Mrs. Thos. Crawford, of Vancouver, are on a visit with their daughter, Mrs. T. Milson.

The Girl Guides held a most successful tea in the King Edward Sample Room on Saturday, when they realized the nifty sum of \$50. The room was very prettily decorated with flags and lilacs. A very beautiful appointed tea table was most attractive. Mrs. Joe French and Mrs. T. Chamberlain poured tea. The King's Birthday Cake was won by Mr. S. H. Crowther, who was exceedingly pleased as he carried away his prize. Mrs. W. Saunders was very much pleased with the success of this event, especially so considering the very unfavorable weather. The Guides now have forty members, every one an enthusiast.

Mr. and Mrs. Chas. Harvey left on Wednesday on a motor up to the Coast, where they will visit Mrs. Harvey's parents for the month.

Mrs. Ella Way returned Sunday from Edmonton, where she had been as delegate to the convention of Women's Institutes.

Rev. and Mrs. J. N. Wilkinson, motored from Calgary Friday last, and called on a number of friends.

Mr. and Mrs. W. M. Davidson, of Calgary, will be week and guests of Mr. and Mrs. A. A. Moore.

Mrs. DeWitt, who attended the W. I. Convention in Edmonton last week, will visit friends in Wainwright and Banff before returning home.

The Standard will be glad to have the names of visitors in town and accounts of various social events for publication. Such communications should be signed and the address of the sender given. Readers in the surrounding districts are especially invited to send us news. We want to cover the whole of Bow Valley. Make the Standard Your Home Paper.

When the proud father of fourteen admired the new arrival he said, "What shall we call the little fellow, honey?" And the fond mother replied, "Let's call it Quits!"

## Local Jottings

Mr. Bob Sinclair returned to Ardendale from the Old Country recently, bringing with him a bride. Hearty congratulations.

George H. Jones has sold at a fancy price to Senator Raymond, of Quebec, "Strathmore DeWinton Matches", the young Holstein bull which won first place at eight shows in the Class "A" circuit last year.

During the electric storm on Friday night a barn on the farm of J. Walkden was struck by lightning and totally destroyed. There were a few tons of hay and several sets of harness lost in the conflagration. A small insurance policy was carried on the building.

Micky Torrance has left town to engage in railway construction work on the Arrowwood-Blackie line, under Contractor Van Buskirk, a former Strathmore resident. Mr. Van Buskirk is a Westman in town on Sunday.

T. M. Weir mailed his annual personal report of the taxpayers on Sunday, and on Monday morning, Mrs. Teare gladdened the heart of the Secretary-Treasurer by being the first for 1929 to pay her taxes. "Let them all come," said T. M. as he tenderly placed the duca in the strong box, and Mayor Shrimpton and his Ministers will have to fight in order to extract any extra nickels.

The Stampede, organization meeting will be held in the Memorial Hall on Thursday night at 8.30 o'clock. Let everyone interested turn out and help to get ready for a real winner in July. Stampede are just as popular as ever, and Husar held their most successful one on May 24th. The "Cowboy" and his daring acts appeals to everyone with real western red blood in his veins. Every event at Stampede is genuine, and can only be won on its merits.

Rev. A. H. Howe, formerly of Strathmore, was elected assistant secretary of the Alberta Conference of the United Church, and Rev. C. R. Corcoran statistical secretary.

Strathmore Baseball Club have signed a new catcher named Moran, who Eddie Crellin believes is Big League stuff. He certainly is a most promising "colt", and if we can get him into condition just watch as put it all over those Texas Giants on June 12th.

Last week a number of the neighbors and friends of Mrs. W. G. Knapp gathered together at the Knapp Farm, and in a few hours put in about 45 sacks of crop. The very thoughtful act on the part of the people was very much appreciated by Mrs. Knapp.

The judging for the best dressed shop window in the Empire Week Contest, for the line donated by the Canadian Legion and the I. O. O. F. developed quite a keen contest, and gave the judges, Mrs. George Jones,

## From Birks!

Delicate diamond ring, set with 1.00 carat diamond and 2.00 carat diamond.

From Birks! Her joy and pride in her engagement ring will be more than doubled if she can make this happy exclamation.

And her fiancé's expenditure will be proportionately reduced, because the tremendous buying facilities of our firm assure maximum value for minimum price.

This wonderful pain killer has been used by thousands of men, women, and children. It is a sure cure for all kinds of pains, such as rheumatism, neuralgia, headache, toothache, etc.

Get a limited time, we will mail you, postage paid, TWO dollars' worth of Blackhawk's Rattlesnake Oil Indian Liment and a full bottle of Blackhawk's Liniment and Spring Tonic Tablets.

All three for \$1.00  
You have seen it demonstrated at the Western Fair.

Endorsed by users everywhere.  
Blackhawk Indian Remedy Co.  
Dept. A  
286 Gladstone Ave. - Toronto, Ont.

Michael Moran is confined to bar racks on the sick list as a result of overtraining for the Departmental examinations.

Mrs. W. Brown and family, of Red Willow, are the guests of her sister, Mrs. J. Wagstaff, for a few weeks.

Quite a number of cattle were destroyed owing to the floods in the Bow River at Carleton Place, Mr. Nelson losing fourteen head, Alf Anderson had several head of horses which stood in the water for several hours, almost up to their backs. Fortunately the water subsided and the animals were saved.

Mrs. A. D. Shrimpton was a Calgary visitor during the week.

Manager Koch, of the Baseball Club, would do a good act in the interest of baseball if he excluded from the grounds some of the youngsters who made the holiday games a nightmare through the use of firecrackers around the grand stand while the game was in progress. None of these youngsters were charged admission, and they have no right to be allowed to interfere with the pleasure of those who pay their good money to see an exhibition. If not stopped, it will only result in a smaller attendance, which is far from being desirable. There is a proper time and place for the use of firecrackers, but that time and place is not at a ball game.

### ROCKYFORD

A most enjoyable event took place here Thursday evening when the Ladies Aid put on a travellogue. The boats left the Post Office every fifteen minutes from 6 o'clock till 8:30, and about two hundred people visited the different countries. The first country, Spain, was splendidly arranged in Mrs. Birt's home, where a fruit punch was served. Four Camp girls, from Drumheller, under the direction of Mrs. Adam, danced a Spanish quadrille for each different party. Their costumes and dancing received great praise from everyone. The second country, Holland, was at the home of Mrs. Gibson, where two boys, in Dutch costumes, ushered the guests into the dining room where tables were decorated in blue, and an entree of salad and butter-milk was served by young ladies in Dutch costumes. At Mrs. Ridd's spacious home Ireland was well carried out in paddy green and shamrocks while even the iron kettle over the fireplace and the spinning wheel beside it, were not forgotten, and suitable Irish stew with apples were in evidence at the tables. The two small daughters of Mrs. Kennedy danced very nicely the Irish jig. The Oriental idea was most elaborately carried out in Japan, at the home of Mrs. Carpenter. Four Japanese girls served rice and feed tea to the guests as they rested on Oriental cushions, and the music, while probably not sweet, was particularly suggestive of Japan. Scotland, at the home of Mrs. Black, was gay with tartans, plaids and heather, with several ladies in kilts to serve the short bread, oat cakes, scones and tea, and also danced the Highland Fling and sang Scotch songs. The boats then sailed to

Hawaiian Islands, at the home of Mrs. Kenworthy, where everyone gathered and had a very nice program, put on by the Gilbert and Kenworthy orchestra, and about 14:30 a dainty lunch of pineapple, cake and coffee was served. The four dancers from Drumheller also gave their Spanish, Irish and Scotch dances, each number in the different costumes. Everyone expressed their delight at the novel entertainment and splendid time.

The Carbon Trail Rangers journeyed to Rockyford on Wednesday afternoon for a friendly game of ball with their brother rangers here. After a very good game the visitors carried off the honors in a score of 7 to 5.

Mr. Carpenter took his daughter Leah and Floyd Gardner, Mrs. Carpenter's nephew, to Crossfield on Sunday. Floyd, who has been working with his uncle here for about three months, is returning to his home at Peers, and Miss Leah is going to Wetaskiwin, where she has accepted a position in the drug store for the summer months.

The next meeting of the Ladies Aid will be held at the home of Mrs. Pirgla on June 13th, when Mrs. Gibson will give her talk on "Home Missions".

Mr. Win. Ridd is at present confined to his home, where he is recovering from an operation which he had in Calgary last week.

A number of the local baseball fans started to Arrowwood to attend the ball tournament on June 3rd, but returned after going part way, as the tournament was postponed owing to the recent heavy rains in that district.

The Carpenters have just finished the outside work on Mr. John Muenich's house. This, when completed, will be a beautiful eight roomed home with all modern conveniences that are possible for a farm home.

Mrs. Wm. Fraser is at present visiting in Cereval, where she was called owing to the death of an old friend.

Work is being rushed on the new Crown Lumber Co. house. It is expected to be ready for Mr. Cantalen, the agent, to move into before the end of June.

### M. D. GRASSWOLD MEETING

A regular meeting of the Council of the Municipal District of Grasswold, No. 248, was held on Saturday, June 1st, all members were present.

Minutes of previous meeting were on motion accepted as read.

A petition was read from the Canadian Pacific Railway Co. asking that the Council of the Municipal District of Grasswold give their consent to having part of the Tudor townsite annexed in accordance with a plan submitted. After due consideration the Council on motion decided that they would have no objection in such annexation, and the Secretary is hereby instructed to sign documents to that effect.

It was on motion decided that Dale Brunner be engaged to operate the Duplex road drag and Clevegas Engine at a salary of \$50 cents per hour.

A letter was read from Mr. E. J. Kendall returning payment made to him for lands taken for road. This letter was referred to Councillor Brunner with instruction to endeavor to make settlement with Mr. Kendall.

After some discussion it was on motion decided that Wm. Zimmer, of Redland, is hereby appointed to act as foreman over the grading outfit and the mainlainer, and is to have full charge, under the instructions of the Council.

A letter from the Dept. of Health was read, but no action taken.

### ROSEBUD

Mr. Reginald Salt, of Calgary, has been visiting his brother, Mr. W. H. Salt, the past week.

H. J. Clark Jr. was operated on for

appendicitis at the Calgary General Hospital last Wednesday. His condition is very favorable.

Mr. and Mrs. H. C. Barr were Calgary visitors last week, as were also Mr. and Mrs. Eganbaum.

A number from Rosebud attended the first birthday party of Stannard O.E.S. last Wednesday evening.

A daughter was born on May 27th to Mr. and Mrs. William Yates.

"What Happened to Jones" will be presented by the Rosebud Ladies Aid in the town hall June 1st. An all star cast, and a play equal to any city. Two and a half hours of hearty laughs.

Mr. and Mrs. H. J. Clark were in Calgary several days last week owing to the illness of their son.

Master Stanley Finch had his tonsils and adenoids removed by Dr. Macnab in Calgary last week.

Miss Eva Jones, of Calgary, spent the week end at the home of her brother, H. N. Jones.

Mr. and Mrs. J. C. Campbell entertained the Jones family Sunday.

The C.W.L. will hold their Strawberry Social in the hall on the 15th.

### SIGNS AND PORTENTS IN THE AIR WHEAT MARKET OBSERVER SAYS

Analysis of present trading conditions in Canada reveals issue still beleaguered.

By THOMAS W. BANTON (Special To The Standard)

Toronto.—There are signs and portents in the air. The action of the grain markets this week indicate that much anyway. But in what particular direction the signs point to, is as yet a little uncertain. It is like a man travelling along a road at night and not quite sure in which direction he is going. He reaches a cross road, and dimly perceives a sign post, but what it's directions to a bewildered traveller may be, he must be at some pains to find out. And maybe not until daylight breaks and the light of day dawns will he know for sure whether he has been travelling east, west, north or south.

The grain dealer and market speculator is just now in much the same predicament as our bewildered traveller. He has followed certain pointers and more or less explicit directions given to him by those who are supposed to be familiar with the ways and byways of this much travelled road, until he reaches a point where

he suddenly discovers he has lost the trail.

Coming to the point of our illustration of the lone and benighted traveller, the follower of the market trails has for the signs, and all pointing to huge world supplies of wheat, in a world already more than well supplied for all its immediate requirements.

Books and builders in the form of wheat record "carry overs" begin to obstruct his vision, until truly he is more puzzled and bewildered in a market of tumbling and crashing prices than even our benighted traveller.

With the opening of the markets this week, it soon became evident that the guide books were pointing in an entirely different direction to that which "the trade" had of late been directed to follow.

It was no longer along the road of over supplies; record "carry overs" and "farm relief" measures. That was destruction lies. Particularly if you have been "long" of wheat, and deceived by the reiterated story of "Too much wheat, which nobody wants," have decided to "take your losses" and have "dumped" all your holdings at the bottom of the market.

That road has been almost abandoned. It's way was tortuous, and led to despair.

Perhaps the most effective blow in the smashing of the over supply theory, was that dealt it by the strong arm of E. B. Ramsey, Manager of the Central Selling Agency of the Canadian Wheat Pool. Mr. Ramsey's official statement was made ostensibly in reply to the widely quoted remarks of representatives of certain

"interests" well known to be definitely opposed to the operations of the Pool as being what they regard as an interference with the logical operation of an open market.

The "Pool" in fact had been blamed in many quarters as being responsible for the recent crash in prices, particularly in the May wheat option, the crash bringing down all the other options with it. Mr. Ramsey's statement in part, was as follows:

"We have refrained from commenting on the situation to date largely because we thoroughly understand the causes for the same and little could be gained by adding our voices to the uproar. Now, however, that everybody interested in one way or another has talked, who was likely to talk, I may say for the benefit of our members that we are unaffected by the recent demoralization of the open market."

"The past week has been a splendid illustration of the inadequacy of that system under modern conditions that will permit of the offering for sale of enormous quantities of produce at any one time, especially quantities tremendously in excess of the consumptive demand."

"The immediate result of the situation on the European market is that the United States has thoroughly advertised to the consumer that they do not know what to do with. Our view of the situation is that the supposed world surplus is more apparent than real. According to official figures, world production of wheat, exclusive of Russia and China, in 1928-29 was approximately 200,000,000 bushels greater than during 1927-28."

## GIRLS HAVE ROCKY RANCH CAMP

The Lake Windermere Bungalow Camp which was the first of its kind established in the Canadian Rockies will this year be transformed into a Ranch-Camp for girls under the leadership of Miss Mary E. Cutler, of Minneapolis, and Dr. Harriet E. Cooke, of Chicago, who have had considerable experience in the management of such Camps and have selected this as an ideal spot for girls desiring an active outdoor life, combined with instruction in art. The staff includes instructors in riding, swimming and campcraft, in addition to teachers of handicrafts and painting, and the course will include participation in the annual four-day cross country ride of the Trail Riders of the Canadian Rockies. Both Miss Cutler and Dr. Cooke have spent several summers in this region and are enthusiastic about the value of ranch-camp life in these Alpine regions of Canada for the

younger generation. They took part in last year's Trail Ride to the Lake of the Hanging Glacier which is in the Lake Windermere district, and have engaged Walter Nixon, the well-known hunter and guide to supervise the trail riding expedition which will form part of the course in campcraft for the girls. The Hon. Randolph Bruce, Lieutenant-Governor of British Columbia, has his summer home in the neighbourhood and is taking a keen interest in the movement.

The girls will be instructed in art, the staff includes instructors in riding, swimming and campcraft, in addition to teachers of handicrafts and painting, and the course will include participation in the annual four-day cross country ride of the Trail Riders of the Canadian Rockies. Both Miss Cutler and Dr. Cooke have spent several summers in this region and are enthusiastic about the value of ranch-camp life in these Alpine regions of Canada for the

### HEARD ON THE STREET

Mail: "There's a man at the door with a package marked C.O.D."

Bride: "Tell him to take it back. I ordered salmon."

Wedding Guest: This is your fourth daughter to get married, isn't it?  
MacTight: Ay, and our confetti's gettin' awful gritty.

"May I call on you?"  
"I'm sorry, but I'm married."  
"Well, I'm married and just as sorry."

"Tom says he has both a trade and a profession. Which does he follow?"  
"Whenever his money gives out he goes back to his trade."

New Scottish national anthem—"I can't give you anything but love, baby."

At a recent drawing-room meeting in connection with the Children's Aid Society, in which deserving institution she takes a deep personal interest, Lady Joan Verney told an amusing story.

It concerned a Sunday school teacher who was addressing a class and explaining the significance of white.

"Why," he asked, "does a bride desire to be clothed in white at her marriage?"

At no one answered, he went on, "Because white stands for joy, and the wedding day is the most joyous occasion in a woman's life."

Immediately a little fellow piped: "Please, sir, why do the men all wear black?"

Solicitor—"Is it true your wife agreed to this?"

Man—"I can safely say 'No'; she does not agree to anything."

"How old are you, little one?"

"I don't know—mummy was 30 when I was born and now she is 28."

Greener—"Then you don't want no cranberries?"

Customer—"No, I've changed my mind. I see your cat is asleep on these cranberries."

Greener—"Oh, that'll be alright. I don't mind wakin' the cat up."

"My Lord," said the foreman of an Irish jury, when giving the verdict, "We find the man who stole the mare 'Not Guilty.'"

Boss: "I suppose you'd noticed we have a dozen rather pretty stenographers here?"

Applicant: "Yes—no, sir."

Boss: "Get out—I won't hire a liar."

The Girl: "What is your opinion of those girls who imitate men?"

The Man: "They're idiots."

"The imitation is perfect, eh?"

She insisted hotly that, economy or no economy, she must have a new frock, and he, with equal warmth, declined to produce the cash.

"I'll never speak to you again!" she said angrily.

"How like a woman," he sighed.

"When everything else fails you try bribery."

Wife (showing husband expensive fur coat)—"One really can't help but feel sorry for the poor thing that was skinned for this."

Husband—I appreciate your sympathy.

"I wonder why they say 'Amen' and not 'Awman,' Bobby."

"Because they sing hymns and not hers, stupid."

"Dad, did you go to Sunday school when you were a boy?"

"Yes, my son, I always went to Sunday school."

"Well, dad, I think I'll quit going; I isn't doing me any good either."

"I'll give Reggie credit for getting me a nice engagement ring."

"I understand that's what the jeweler did, too."

Fond Mother: "My son has many original ideas, hasn't he?"

Teacher: "Yes, especially in spelling."

First Married Man: "So you run your household on a business-like basis?"

Second Married Man: "Yes, I'm the assistant manager."

Bill Teemey says: Spanking a girl after she is sixteen won't do a bit of good, but it must be lots of fun.

"Ted" Schulte is an ardent devotee to the Goddess Lady Nicotine, but he has very decided views upon how and

when the weed should be used. For example he says:

"Smoking just before meals it to be deprecated, because the pungency of the pyrogenous products contained in the tobacco renders the gastric mucus insensitive to alimentary stimulation; in fact, their effort is to dull or abolish the olfacto-gustatory reflex, thus depriving us of what Sakurai calls 'appetite juice.'"

"Ted's" argument appears to be unanswerable.

### Slats' Diary

BY ROSS PARQUHAR

Friday—Ant Emmy says that when he was a young lad he had to make her over close and it took a lotta time to make her close but nowadays, even if the women make three ome close they would have a lotta lotta time left on their hands any how.

Saturday—Pa got kind of sourstache today when ma got a letter from her brother which lives & resides near Edmonton. He said he had been having a lotta bad luck and lost some hogs and cows and

ect. Pa said They only thing that folks knows about farming is how to complain about the weather. I think pa was afraid his brother had a going to eat, for to worry sum money.

Sunday—Joe Blunt is laid up in the hospital because he had a little all right for him to look for a leak in his gasoline tank if he used a Safety watch. But it wasnt as he now

noes.

Munday—Mrs. Hix and her husband had a falling out has nite & today she was at are house telling ma about it.

Ma said her if her husband was drunk and she sed she wassent shure about that but when he tried to talk off his pants over his bed why she got a little suspishus enny ways.

Tuesday—Pa was asting a lady whichs son use to work on the same noose paper pa does where her son was at now and she sed his form had

sent him to Port Saskatchewan. Then he found out that it was not becaz he was a good sales men but becaz he used up a few 1000 books belonging to the form.

Wednesday—The girl witch is a vision Elay sure is a lady or lease she thinks she is. At the party tonite when we played host offis she wood let em any of the guys kida her un lest they tuk off there Hata 1st.

Thursday—When Mr Jim Gunn got home from Scotland and was a telling us about the rock of Jibraltair and Rothesay where they keep Jack Mackenzie, and Ant Emmy up and ant him was that grave Big Insurance advi still painted on it yet. Sum wimin are dumbels at they.

## How Do You Buy?

When you enter a store to buy anything, how do you ask for it? Do you call for the article by name, or do you generalize—a can of tomato soup; a bag of flour; an aluminum kettle; so many square yards of linoleum; a meat grinder?

It is much better and far more satisfactory to specify the articles you want by name, for merchandise that is good enough to be sold by name is almost always better in quality, and usually no higher in price, than goods of uncertain lineage and less certain quality.

The advertising columns of this newspaper carry advertised names that are famous to millions of people. Soap, flour, sugar, cereals, kitchen ware, rugs, linoleum, automobiles, etc. They represent those articles that stand for the best in their respective classes of merchandise—quality all through.

Advertising keeps these names before you constantly. Advertising is a constant reminder that the articles you want are the same articles that you see advertised day after day—that justify their being by the service they render. And advertising brings you news—of inventions, discoveries, improvements that keep you up to date.

Tell the sales-clerk what you want by its advertised name. You'll get it—and your money will purchase full value. It pays to read The Standard advertising and remember advertised names.

#### YOU GET THE BEST IN JUNE

The month of June is the year's top month. It brings the longest days and the best days. June grass is cleanest and June trees are greenest. It is the month of sky blue and high floating clouds. Average all the June of your lifetime and you will find that the result approximates the year's perfection.

And yet for a good reason, we labor through June instead of making the best month our chosen month of rest and play. The reason is that the hot, tiresome summer months loom ahead of June. In order to be privileged to loaf in June most of us would be compelled to pay the penalty of working through July and August. The prospect would be disheartening that it would mar the pleasure of a June vacation.

Even though we must make June a work month we may, if we are resourceful, enjoy June's gifts. We need save our off hours for little trips, or we may put aside our own promises and persuade ourselves that we are working while in reality we are only making yard or garden activity an excuse for seeking enjoyment in the glory of the month. We may, for once, decline to take June for granted.

We may take an aggressively active interest in the rich and solving ventures; we may make a mental note that June sunshine and June clouds are joys to be received with enthusiastic gratitude instead of being accepted merely as a matter of course. Our mental attitude has a great deal to do with our enjoyment of June. Working or loafing we can, as we choose, make much or little of the year's best month.

#### WILL AMERICANS PAY MORE FOR CANADIAN PRODUCTS?

The proposed United States tariff in its increased rates upon agricultural products is of much interest to Canadians. The object is to improve conditions for the American farmer.

The Winnipeg Free Press, in discussing the question, says in part:

"We doubt whether the bill, in its present form or in the form which it will finally take, will do any very great permanent damage to the agricultural interests in Canada. The importations of Canadian products are, in relation to United States' total consumption so trivial that they may well continue almost unimpeded, the higher duty being absorbed, in the main, by the consumer who has to have the Canadian article owing to the domestic shortage. The purpose of a protective tariff is to raise the price within the protected area; to the extent that as it succeeds the tariff shrinks; and once the full benefit of the tariff operates the obstacle in the way of importations disappears. A protective tariff built on an inclined plane opens the tariff wall over which imports flow. This is why the tariff is never high enough and has to be continuous. It is locked up in pursuit of the unobtainable. The farmers of the United States brought in from Canada last year live cattle meat, potatoes, milk and cream. If the prices go up to the point expected, Canadian products can pay the duty and still make substantial the same return to the grower. In relation to its total consumption the United States brought in from Canada last year live cattle representing one per cent; most one per cent; milk and cream less than one per cent. These importations in the main represent the meeting of a need that will continue as the rising domestic demands continue to outstrip native capacity of supply. The situation will not be substantially changed from what it is at present except that the United States consumer will 'pay a little more' for his meat and dairy

products. The United States consumer is, however, the sturdiest beast of burden in the world and can be counted upon not to complain.

#### ARDENODE

Friday evening a presentation was made to Mr. and Mrs. O. R. Booth by the members of the Ardenode U.P.A. and U.P.W.A. at the Servier School.

On behalf of the U.P.A. Mr. Benny Plesner presented Mr. Booth with a book and Mrs. C. O. Dawson, on behalf of the U.P.W.A. presented Mrs. Booth with a travelling clock and an autograph album.

"Buddy" very feelingly expressed the good wishes of the people towards Mr. and Mrs. Booth, and the loss sustained by the organizations through their departure to live in Indiana, where they would carry with them the esteem of the whole community. Mrs. Booth's value was heard to great advantage in her rendering of the song "Abeneth".

Mr. Benny Plesner also delighted all with his violin selections.

The U.P.W.A. Clinic was held at the home of Mrs. C. Dawson, under the supervision of Nurse Emerson, from Edmonton, and the Ardenode children scored high points, which was most satisfactory. Among the little ones who came under the scrutiny of the nurse were: Joan Brook, David Brook, Ramona Sarsen, Donald Sarsen, Ken Sarsen, George Knott, William Knott, Vernon Chandler, Mary Bach, Walter Bach and Ethel Good.

Mr. and Mrs. Jack Pirih, of Lethbridge, motored over to spend the holiday and renew old acquaintances. They were the guests of Mr. and Mrs. Paul Sarsen.

#### CANADIAN WOMEN OUT TO PROVE A WOMAN IS A PERSON AND HAVE RIGHT TO SUFFRAGE

(Special to The Standard) Edmonton, Alta.—Is a woman a person? That is the important question which is being referred to the Privy Council in England for a decision.

The reference was made on the petition of five celebrated Alberta women, Mrs. Emily Murphy, police magistrate of Edmonton, author of several literary works; Hon. Irene Parley, Mrs. G. C. Edwards and Mrs. R. S. Gunn, who wish to ascertain whether a woman is eligible to a seat in the Canadian Senate, or not.

The whole controversy has arisen out of the wording of the British North America Act which uses the word person in reference to those eligible to be summoned to the Canadian Senate.

The case has aroused keen interest in every woman in the Dominion and will have a great effect upon the future of Canadian women in public life.

Hon. J. F. Lyndhurst, Attorney-General of Alberta is on his way to England to argue the case for the Alberta women.

Law officers of the Crown have decided that, under the Canadian charter of the British North America Act, only male persons may be summoned to the Senate, but the petitioners take the view that in the language of the British North Act the term "person" means a woman as well as a man. It is also claimed in their behalf that the term "person" as the Act, can be construed as meaning a Canadian entitled to franchise rights of citizenship and that as the franchise has now been extended to women, other rights and privileges including eligibility for Senatorial service equally falls to them.

Supplementing this, they point out that women have been declared elig-

## THE KING EDWARD HOTEL

FRANK MILLER, Proprietor

able to election to the Houses of Parliament of Canada and the Canadian provinces, instancing Miss Agnes MacPhail, of the Federal House; Mrs. Edith Rogers, of the Manitoba Legislature; Mrs. Smith, of British Columbia, and Hon. Irene Parley, of Alberta; and that they have been appointed to the Bench in the person of Magistrate Emily Murphy, of Edmonton, and have several members of the fair sex authorized to practice law.

The question has already been taken to the Supreme court of Canada, where the decision was against the petitioners, and in favor of restricting Senate membership to the male sex, and it is from that decision that the present appeal has been taken.

Attorney-General Lyndhurst, when appears before the Privy Council, will be supporting Hon. N. W. Rowell, of Ontario, who has been retained by the Government in support of the appeal.

It is expected here that the members of the Privy Council will take the ground that the term "person" in Canada refers to women as well as men, and if a decision to this effect is rendered, it, Hon. Maclean, King, President of Canada, will be appealed to appoint a woman to the next vacancy in the Senate of Canada. Who the lady will be is not yet known, but each of the Western provinces, with the exception of Saskatchewan, have intimated that they have favorite daughters whom it would be a pleasure to honor with the appointment.

In Manitoba the name of Mrs. Edith Rogers has been mentioned and a recent addition to the list of eminent Manitobans is Lady MacDonald, widow of the late Sir Hugh John MacDonald, Winnipeg's veteran police magistrate, whose death occurred a few weeks ago.

It is felt that many other Western possibilities would be willing to waive their claims in favor of Lady MacDonald, as she is the widow of the son of the first Premier of Canada, and such an honor to her would be received with acclaim by all the women of Canada, irrespective of location or political affiliation.

Alberta's choice would undoubtedly be either Mrs. Murphy of Edmonton, or Nellie McClung, of Calgary, while in British Columbia the name most frequently heard is that of Mary Ellen Smith, widow of the Hon. Ralph Smith, who for years has played a prominent part in the politics of that province.

But what if the Privy Council should decide in line with the Supreme Court of Canada, that women are not eligible to Senatorial representation, the standard correspondent asked one of the Alberta petitioners, "We are ready for that," was the reply, "although we do not expect such a decision."

"But if it comes that we are not qualified to sit in the Senate there will be another campaign for women's rights that will be waged from Cape Breton to Victoria."

"The unity influence of the Canadian women will be brought to bear upon the Government of Canada to seek an amendment to the British North America Act, clearly favoring women all the rights held by men, and we believe the Government will support it."

#### CANADA BUYS ICE FROM UNCLE SAM! HO HUM! HE SELL'S HIM SOME TOO

Ottawa, Ont.—Ice is one product of which, according to report, Canada should have plenty. But Canadian trade returns for the year ending March 31, 1929, just issued, show that the Dominion bought \$11,557 worth of ice from the United States. Any fear that country is suffering under an unfavorable trade balance in the ice market is removed, however, by additional figures which show that she exported amounts valued at \$17,756, so that a cooler climate, in this connection, has commercial advantages.

The Dominion's old book of trade has a variety of odd and interesting items. There is a fair export business in umbrellas, which is impossible to admit, on the other hand, that the leech business seems on the decline. Imports are only one quarter of what they were four years ago. The blood-sucker is slowly vanishing as far as international trade is concerned.

Turnips are exported to the United States. They pass the border as simple turnips. But a few days later, they appear on the menus of leading hotels as choice northern-grown rutabagas. Thus does trade broaden even as humble a vegetable as the turnip.

There are some peculiar items. Same seed oil is on the list. So is lard and amaranth. Canadians, too, spending \$3,000 a year for imported tencels. Statisticians, when examined closely, have their romantic moments.

## SIGNS AND PORTENTS IN THE AIR WHEAT MARKET OBSERVER SAYS

(Continued from page five)  
Continuing his statement, Mr. Ramsay said:  
"The increased production, however, has been in a large measure offset by increased consumption of wheat both as human and animal food the world over. Shipments from the major exporting countries from August 1st to the end of April were 705,000,000 compared with 596,000,000 bushels during the corresponding period last year."

"Taking the four major exporting countries, allowing the decrease in the carry-over in Canada compared with the last year of 15,000,000 bushels, assuming the Australian and Argentine carry-over to be the same as last year, exports from these countries during the balance of the crop year will be 195,000,000 bushels compared with 170,000,000 last year. Thus the much talked-of world surplus amounts to an increase in the United States carry-over of some sixty million bushels which is partially offset by a decrease in the carry-over."

"There is little prospect of world production of wheat this year reaching the 1928 level. However, even if it should the increased consumption which has developed this past year will in all probability provide a market, and at a profitable figure provided it is marketed in a sane way. There is no doubt that a reasonable price will be obtained for this year's succeeding crops as we are adequately financed and prepared to await the active demand. From a national standpoint the regrettable feature of the whole situation is that thousands of non-pool farmer holders were sold out on the bunk. This

will undoubtedly have a depressing effect on general business in the country during the summer and will also tend to stampede those farmers to the market in the fall to obtain funds."

After Mr. Ramsay's clear statement of the situation, there was little use in following the old trail, so different tactics have apparently been decided upon.

The sign posts along the new road no longer carry the legend of "over supplies." The sign now points to the possibility of "under supplies" in the coming seasons wheat harvest. Prominence in fact, is now being given to scare items and headlines, indicating the extreme danger of poor harvests in 1929-30 season crops in Western Canada, from "lack of sub-soil moisture."

Whatever of truth there may be in the new slogan, there is real danger of its being over-worked. Headlines are already appearing of a decidedly alarmist nature, calculated to put up prices, perhaps higher than warranted from the real facts in the case. There is time yet for the weatherman to rectify the damage done in July, to crop prospects for the coming season.

## TERRIFYING GHOST MOANS FROM LOCKED BEDROOM REVEAL STAIRING WOMAN

— 6 —  
Halifax, N.S.—Awakened by low moans from a room of the home which he just that day moved into, Alexander Clark hastily donned his clothes and rushed out of the house for assistance.  
A police sergeant hearing his cries asked him what the trouble was.  
"There's a ghost in my house," replied Clark.

The sergeant accompanied Clark back to his home. Approaching the door of one of the rooms he too heard the moans. Putting his shoulder to the door he broke it down and found a very old woman lying across the threshold.

The furnishing of the room consisted of a broken table and a cot with its mattress sagging to the floor. The old lady was later identified as Mrs. Jane Curtis, once a well-known nurse in the city.

Mrs. Curtis had no relatives and no money and when the tenant from whom she had sub-letted the room moved away she had locked herself in and in the rush was forgotten.

And so Mr. Clark's terrifying ghost turned into a harmless hungry old woman if not into a fairy princess.
